

# **Workforce Information Grant PY 2010 Montana Progress Report**

## **1. Populate the Workforce Information Database (WID) with state and local data.**

Monthly and quarterly data is updated regularly and on schedule. We also populate tables for the Consumer Price Index and training providers/programs from the State Workforce Investment Board's eligible training provider list as well as all 2-year, 4-year, and proprietary schools in the state. Occupational licensing data is updated annually and submitted to the National Crosswalk Service Center.

## **2. Produce and disseminate industry and occupational employment projections.**

Montana produced sub-state long-term projections for 2008 – 2018 and statewide short-term projections for 2010 – 2012. The data was submitted to the Projections Managing Partnership (PMP) on June 30, 2011. The data is available by going to <http://www.ourfactsyourfuture.org/cgi/dataanalysis/?PAGEID=94> and selecting either the 10 year long term or 2 year short term links.

## **3. Conduct and publish relevant economic analyses, special workforce information, and/or economic studies determined to be of benefit to the governor and state and local WIBs.**

Montana published and presented its annual economic analysis report to the governor and the SWIB September 2010. The report is scheduled in conjunction with the Labor Day holiday and is called the Labor Day Report. Each year a general overview of the state's economy is covered including unemployment, employment growth, wages, and income. The report showed information at the state and county level as well as information specific to Montana's Indian reservations. The report is posted on our website: [www.ourfactsyourfuture.org](http://www.ourfactsyourfuture.org) and was downloaded 10,115 times throughout the grant period.

Direct link: [http://www.ourfactsyourfuture.org/admin/uploadedPublications/4096\\_LDR-10.pdf](http://www.ourfactsyourfuture.org/admin/uploadedPublications/4096_LDR-10.pdf)

R&A has increased awareness of our staff's expertise, resulting in increased interest in and requests for special studies and economic analysis. Bureau staff also made many presentations throughout the year, speaking to approximately 1,223 people about the economy, workforce issues, and career development. During the grant period, the bureau produced the following studies and partnerships:

Northern Plains and Rocky Mountain Consortium Green Jobs Research:

Montana is the lead state in this six state consortium that received a LMI Improvement Grant to study green jobs. During this program year the consortium administered a green jobs employer survey, new hires survey and other research projects contained within the grant proposal. The grant will be completed during the 2011 program year. [www.researchingthegreeneconomy.com](http://www.researchingthegreeneconomy.com)

Partnership with the Flathead Valley Community College:

Examine the link between education and work success in Montana.

Contribute to Department of Labor and Industry's *Main Street* publication

Provide labor market information and insight into a focus area within Montana for Main Street's "highlight" section (Fall 2010). Also provide general economic insight articles (Fall 2010).

<http://dli.mt.gov/pub/msthome.asp>

### *Montana Economy At A Glance*

This is a monthly publication providing the latest economic data such as unemployment rate, employment, and wages, including monthly articles outlining research on various topics. During this grant period we continued to produce podcasts of each Montana Economy at a Glance and feature article. During the grant period the following articles were included:

- Real Income Growth for Montana's Long-Term Employees  
[http://www.ourfactsyourfuture.org/admin/uploadedPublications/4015\\_jun10\\_art.pdf](http://www.ourfactsyourfuture.org/admin/uploadedPublications/4015_jun10_art.pdf)
- Examining the "Jobless Recovery": Types of Unemployment and Montana's Labor Market  
[http://www.ourfactsyourfuture.org/admin/uploadedPublications/4058\\_jul10\\_art.pdf](http://www.ourfactsyourfuture.org/admin/uploadedPublications/4058_jul10_art.pdf)
- The State of Montana's Economy: Highlights from our Annual Labor Day Report 2010  
[http://www.ourfactsyourfuture.org/admin/uploadedPublications/4107\\_aug10\\_art.pdf](http://www.ourfactsyourfuture.org/admin/uploadedPublications/4107_aug10_art.pdf)
- Job Polarization in Montana  
[http://www.ourfactsyourfuture.org/admin/uploadedPublications/4158\\_sep10\\_art.pdf](http://www.ourfactsyourfuture.org/admin/uploadedPublications/4158_sep10_art.pdf)
- How Has Montana's Job Market Changed? A Look at Montana's Job Service Job Orders  
[http://www.ourfactsyourfuture.org/admin/uploadedPublications/4210\\_oct10\\_art.pdf](http://www.ourfactsyourfuture.org/admin/uploadedPublications/4210_oct10_art.pdf)
- How Long Does a Job Last? Job Retention and Worker Skills in Montana's Economy  
[http://www.ourfactsyourfuture.org/admin/uploadedPublications/4196\\_nov10\\_art.pdf](http://www.ourfactsyourfuture.org/admin/uploadedPublications/4196_nov10_art.pdf)
- Too Qualified for Employment

[http://www.ourfactsyourfuture.org/admin/uploadedPublications/4444\\_jun11\\_art.pdf](http://www.ourfactsyourfuture.org/admin/uploadedPublications/4444_jun11_art.pdf)

#### 4. Post products, information, and reports on the Internet.

Montana used hard copy publications and fliers, the Internet, and other media deemed appropriate to provide O\*Net SOC-based occupational products to customers on a variety of pertinent occupation-related information. Montana continued to improve current products and develop new products for our users. Our Workforce Information Database delivery mechanism (Workforce Informer) allows us to promote a standard electronic delivery system via the Internet that can be accessed 24/7. On February 28, Ciber, Inc. ended its web hosting and maintenance relationship with Montana. Montana is now self-hosting its website. Service delivery has improved in speed and performance since migrating to the self-hosting option. Plans are in the works to move the entire electronic delivery system into the dotnet environment.

In addition to the core Workforce Information Database delivery, Montana includes e-learning modules to help customers become more familiar with labor market information terms and uses.

<b>Training Module</b>	<b>Number of sessions</b>
Transferable Skills	2,002
Labor Market Data Types	853
Finding Employment Information	794
Sorting Through Wage Information	714
The Labor Force	578
Navigating the Basics	493
CIS Portfolio	402
	<b>5,858 Total sessions</b>

We also produce a career information delivery system (CIDS) known as the Montana Career Information System (MCIS). This information was available via Internet to all Montanans at no cost during the program year through a College Access Challenge Grant (CACG) . It is used by all of our customers for career development, career choice or change, financial needs and skills assessments. This tool gives customers the means to access occupational information, wages, job outlook/projections and employment trends to make better informed choices. Agencies are required to register their sites and during the program year there were 558 sites using MCIS. Along with the public access, the total number of logins was 155,360.

We provide the Occupational Supply and Demand System (OSDS) on our website at: <http://www.ourfactsyourfuture.org/cgi/career/?PAGEID=3>. Data was revised in January 2010.

Data populated as noted in items 1-3 are delivered through our website: [www.ourfactsyourfuture.org](http://www.ourfactsyourfuture.org).

There were 311,083 visits to [www.ourfactsyourfuture.org](http://www.ourfactsyourfuture.org) during the grant period. Products posted on the website (and provided in print version) include the following:

\*We print a majority of publications by request to minimize waste. Each year continues to see an increase in the number of our publications being downloaded from our website.

## **5. Partner and consult on a continuing basis with workforce investment boards and key talent development partners and stakeholders.**

The bureau provided data and economic analysis to members of the SWIB's Executive Committee and staff throughout the year. This included economic data, "talking points" papers, and PowerPoint presentations on the general economy, healthcare occupations, and career pathways. Staff worked closely with the SWIB to help determine LMI needs and to disseminate information. R&A also worked with the State Tribal Economic Development Commission. As the governor's designee for Section 118 of the Carl D. Perkins Career and Technical Education Act of 2006, R&A also provided career information to state students, parents, educators, and job-seekers. Additional work included:

**Consultation with Statewide Workforce Investment Board:**

Provide analysis and guidance for SWIB strategic planning and work plan development.

**Consultation with Governor's Office of Economic Development:**

Multiple and varied consultations throughout the grant period, providing economic analysis and workforce and career information to help guide administration policies and strategies.

**Montana College Access Network (MCAN):**

MCRN is a Steering Committee member of the Montana College Access Network (MCAN). MCAN is unified network that promotes access to educational opportunities after high school for Montana students. Network members include K-12 agencies and organizations, Dept. of Labor & Industry, higher education institutions, agency, and organizations, non-profit organizations, student loan organizations/agencies, and private individuals.

**Job Service Labor Market Information Certification:**

Since 2008 the bureau has provided training, testing, and certification for Job Service staff in two levels of labor market information and transferable skills. The original format is delivered via podcasts and downloadable transcripts and worksheets. Test are done using Zoomerang survey software. During the 2009 program year redesign of the lessons began in Articulate, allowing them to be produced into an interactive video format. The new lessons were completed in the fall of 2010.
