**YOUTH POLICY:** Chair Weber communicated that before us was the updated Youth policy approved by the WIOA Committee at its December 13 meeting. The policy was updated to reflect new language aligning Montana’s Youth Policy with federal guidance tying incentives to education, training, and work experience, rather than incentives for attendance and GPA. In addition, the updated policy added language around the definition of “low-income individual” and criteria related to free and reduced lunch. The updated policy also moved on-the-job training to youth service and removed it from the training services section. Last, the policy removed the funding section as funding updates occur annually and this will prevent the policy from coming before the committee as funding levels change.
