

Agenda Action Report

(Presenters please replace the highlighted text with appropriate/corresponding information)

MEETING Spring Meeting, June 9th at 11:00am

ITEM Missoula College Report

ACTION REQUESTED: Report

PRESENTED BY: Amy Watson, Economist
Montana Department of Labor and Industry, R&A

Information: This report was jointly produced by the Montana Department of Labor and Industry and the Montana University System. The report provides information on the expected job demand for the region served by Missoula College, and determines whether the college produces enough students in the right programs to meet demand. The report also provides analytics on whether students of Missoula College are graduating within in-demand fields, obtaining jobs quickly after graduation, and experiencing wage progression during their post-graduation careers.

Motion: No motion needed. However, DLI and OCHE are looking for long-term funding solutions.

Synopsis: This report will be used for strategic planning at Missoula College to evaluate their talent pipeline, ensuring that their programs match the workforce needs in the business community. The information on successful job placement and wage progression will also help students choose programs that will result in the most career success.
